Serial No. 10/735,633 -2-Art Unit 1616

DETAILED ACTION

1.

Claims 1-34 are pending in this application filed December 16, 2003.

2.

Applicant's claims are directed toward 1,2,5-triazine sunscreens solubilized in mixed phthalimide eutectics.

Claim Rejections - 35 USC § 103

3.

The following is a quotation of 35 U.S.C. 103(a) which forms

Serial No. 10/735,633 Art Unit 1616

the basis for all obviousness rejections set forth in this Office action:

(a) A patent may not be obtained though the invention is not identically disclosed or described as set forth in section 102 of this title, if the differences between the subject matter sought to be patented and the prior art are such that the subject matter as a whole would have been obvious at the time the invention was made to a person having ordinary skill in the art to which said subject matter pertains. Patentability shall not be negatived by the manner in which the invention was made.

4.

Claims 1-36 are rejected under 35 U.S.C. 103(a) as being unpatentable over Candau USP No. 6,699,460 B2 in view Impernate et al USP No. 6,306,373.

Candau discloses UV-photostabilized sunscreen compositions comprising UV-screening 1,3,5-triazine compounds of the same formulas claimed by applicant. Note column 2, lines 5-25. Candau further discloses that these sunscreening agents are well known and Candau further discloses that the are commercially available. compositions are for topical application to the skin and hair. column 12, lines 50-60, Candau further discloses that nanopigment screening agents are also present. Note columns 7-11 for other sunscreening agents claimed by applicant. Claim 30 discloses all other cosmetic adjuvants such as emulsifiers surfactants, emollients, etc. Candau discloses that each and every aspect of the claimed invention with the exception of a stabilizing amount of at least one mixed phthalimide eutectic.

Art Unit 1616

Impernate et al disclose mixed phthalamide compounds as sunscreen solubilizers, specifically eutectic mixtures as claimed by the applicant in the instant application. Impernate further discloses that said solubilizers makes up between 30-60% of the composition by weight.

It would have been obvious to one of ordinary skill in the art at the time the invention was made to have employed the phthalamide mixtures of Impernate into the topical sunscreening compositions of Candau as a stabilizing or solubilizing agent in view of the teaching of Impernate that said phthalamide eutectic mixtures are known solubilizing agents. One of ordinary skill in the art would have had a reasonable expectation of success employing said eutectic mixtures to solubilize triazine sunscreening compounds in view of the teaching that said agents had been previously employed to solubilized methoxydibenzolymethane sunscreening agents.

Serial No. 10/735,633 Art Unit 1616

Telephone Inquiries

5.

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Shelley A. Dodson whose telephone number is (571) 272-0612 and fax number (571) 273-0612. The examiner can normally be reached on Monday-Thursday from 7:30 a.m. to 5:00 p.m. If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Johann Richter can be reached at (571) 272-0646.

The fax phone number for the organization where application or proceeding is assigned is (703) 872-9306. The hours of operation are Monday through Friday, 8:45 AM to 4:45 PM. new location should be used in all instances when faxing any correspondence numbers to Group 1600. Information regarding the status of an application may be obtained from the Application Information Retrieval (PAIR) system. information for published applications may be obtained from either Private PAIR or Public PAIR. Status information for unpublished applications is available through Private PAIR only. For more information about the http://pair-PAIR system, see direct.uspto.gov. Should you have questions on access to the

Private PAIR system, contact Electronic Business Center (EBC) at 866-217-9197 (toll-free).
